

Dr. M. Periyasamy, MBBS, DA, DNB

Chief Civil Surgeon and Renowned Anaesthesiologist

With 28 years of expertise in anaesthesiology, Dr. M. Periyasamy is a distinguished Chief Civil Surgeon based in Pudukkottai, Tamil Nadu. Dr. Periyasamy is dedicated to clinical excellence and recognized as an inventor, author, and leader within the medical community.

Over his career, Dr. Periyasamy has contributed significantly to the advancement of medical technology and anaesthetic practices. He has developed seven groundbreaking medical instruments, including the widely used "Peri's Breathing Circuit," "Peri's Mouth Gag Holder," and "Peri's Hemostatic Nasal Clamp." These inventions have been showcased at conferences ranging from state to international levels, with presentations as recent as the SAARC International Conference in 2022.

In addition to his innovations, Dr. Periyasamy has an impressive research portfolio with 19 published scientific papers. His work spans various themes in anaesthesiology, from intrathecal tramadol studies to post-operative care improvements, presented across respected platforms nationally and internationally.

As a respected member of the Indian Society of Anaesthesiologists (ISA), Dr. Periyasamy has served as Secretary since 2019. His contributions to the medical field have earned him several prestigious awards, including the Best Doctor Award and Best Performance Award from the Tamil Nadu Government in 2013, the Academic Excellence Award from IMA Tamil Nadu in 2023, and the Maruthuva Tamil Arvalar Viruthu (மருத்துவ தமிழ் ஆர்வலர் விருது) from IMA Tamil Nadu in 2019. Alongside his medical accomplishments, Dr. Periyasamy has also written five Tamil poetry books, showcasing his passion for literature.

Dr. Periyasamy's extensive experience, innovative contributions, and dedication to the medical field reflect his unwavering commitment to improving patient care and advancing medical science.
