Biography of Mohan Thomas: Wildlife, Nature, Macro, Landscape, and Portrait Photographer

Mohan Thomas is a world-renowned wildlife, nature, macro, landscape, and portrait photographer who has dedicated his life to capturing the beauty of the natural world. Born in Bangalore surrounded by many national parks, Mohan's passion for photography and nature was ignited at an early age.

From the moment he held his first camera, Mohan's love for photography grew exponentially. He spent countless hours exploring the forests, mountains and rivers of India honing his skills and capturing the intricate details of the natural world. His innate ability to capture breathtaking moments in the wild soon caught the attention of photography enthusiasts and professionals alike.

As his reputation grew, Mohan embarked on a journey that would take him across the globe. Armed with his camera and an unwavering spirit of adventure, he ventured into some of the most remote and untouched corners of the earth. From the dense jungles of the Amazon rainforest to the vast African savannahs and across the Arctic, Russia and Finland he sought out unique wildlife encounters and captured the essence of each environment he encountered.

Mohan's passion for photography was not limited to wildlife alone. He delved into the realm of macro photography, exploring the hidden worlds of insects, flowers, and small creatures. Through his lens, he revealed the intricate beauty and complexity of these often-overlooked subjects, inviting viewers to appreciate the marvels that exist in the miniature realm.

While landscapes were another of Mohan's forte, he had an exceptional talent for capturing the soul of a place. His landscape photographs have an ethereal quality that transports viewers to the very location where the image was captured. From majestic mountain ranges to serene coastal vistas, each photograph evokes a sense of awe and appreciation for the world around us.

As a testament to his expertise and reputation, Mohan Thomas was sought after as a judge for various wildlife and nature photography contests. His keen eye and profound knowledge of the craft made him a valued and respected voice in the industry. Through his constructive critiques, he aimed to inspire and encourage aspiring photographers to push the boundaries of their own creativity.

Mohan's photographs have graced the pages of prestigious magazines, exhibited in renowned galleries, and adorned the walls of nature enthusiasts and art collectors around

the world. Each image tells a story, capturing a fleeting moment in time and immortalizing the beauty and fragility of our natural world.

Mohan Thomas has won DCP photographer of the year in 2015 and 2016. He has won the Prestigious Muthukulam Raghavan Pilla award for excellence, gold medal at the 17th FIAP Nature Biennial World Cup 2014 and many other awards.

Mohan Thomas continues to dedicate his life to photography, constantly seeking new adventures and striving to create images that evoke emotion and inspire a deeper connection with nature. Through his lens, he invites us all to appreciate the wonders of the world and to protect and preserve the delicate balance of our environment for generations to come.
